Dear Johnson Families,

We hope you all had a great snow day yesterday! Thank you to all who came out to support our 5th grade classes during their Famous Americans Presentation. We had such a great turn out, and it felt so good to have them present in the hallway again.

Literacy Engagement Night

Due to the unexpected snow day yesterday, the district had to reschedule the elementary curriculum adoption events for Jan. 17th and 18th. These events are rescheduled for Jan. 23 at Rocky Mountain High School and Jan. 24 at Eyestone Elementary School. The Jan 19 event at Fossil Ridge High School will continue as planned.

School Choice Second-Round Application Period

The second-round will begin on or about two weeks after the first-round lottery occurs and closes on or around the day prior to the first day of school in August of the school year of requested enrollment and is for families who missed applying during the first-round application period. Specific second-round dates will be posted to the PSD website when determined.

- Second-round applications are based on priority ranking and the date and time of when the application was submitted. They are placed on the waitlist after any first-round applicants within the applicable priority ranking.
 - If the maximum number of five schools were selected for a student in the first-round application period, parents/legal guardians can't submit additional applications for the same student during the second-round application period.
 - If the maximum number of five schools were not selected for a student in the first-round application period, parents/legal guardians may submit additional applications for the same student to meet the five maximum total and those applications will be considered as second-round.
